

Mind blowing honeymoons for adventurous souls

You had a beautiful wedding. The best day of your life. Everything was just the way you imagined. But you still don't know what to do for your honeymoon? It should be the best week, or two if you're lucky!

If you and your partner love laying on a chaise long by the pool all day long, great! It would be easy to choose a honeymoon destination. But if you're both active souls, that love adrenaline, travel, and adventure? Choosing is not going to be easy. So have a look at the next four destinations you are going to love.

1. Patong, Phuket, Thailand

Patong beach, located on the big Phuket island in Thailand, has everything you need for a vibrant, active honeymoon. You could go jet skiing or snorkeling. Or you could spend the day in the jungle, exploring it, if you book the Flying Hanuman Ziplining Experience. And the best part – a zip line over the jungle. Or if you always dreamed to be a surfer you can start at Surf House Patong Beach, a surf center where you can safely learn to surf on various slides. And then surf like a pro when you visit the beach.

2. Seven Rila lakes, Bulgaria

Situated in the northwestern Rila Mountain in Bulgaria, Seven Rila lakes are a must-see no matter if you are a hiker or not. Rila Mountain, the highest mountain range on the Balkan Peninsula, can offer you many great trekking routes with fairly easy access. Here it is peaceful, charming and incredibly beautiful. The best time to visit the lakes, situated between 2,100 and 2,500 m. above sea level, is spring and summer. Each lake has a unique name.

The lowest one is called The Lower Lake. Next is The Fish Lake, then The Trefoil. The Twin which is the largest. Then The Kidney and The Eye (the deepest, 37.5m) with an almost perfect oval form. And the highest one is The Tear – with incredibly clear water and visibility in depth. When you finally reach The Tear you and your partner will feel like you're on top of the world.

3. Cappadocia, Turkey

Have you ever thought about spending a night or two in a cave? Without hibernating bears, of course. The caves at Yunak Evleri in Cappadocia, Turkey will give you that chance. The unique hotel complex offers you a luxurious, exotic experience – a guarantee you will have a one of a kind honeymoon. Here you could also experience the hot air balloon ritual at sunrise with a view. Explore an ancient national park with chimneys and natural rock formations on horseback or enjoy cycling through vineyards and valleys.

4. Western Australia

If you want an action-packed honeymoon Australia can offer you everything and more. Beautiful scenery. Adventures. Sunsets you never forget. Mantarays Ningaloo beach resort, for example, offers you snorkeling/diving in the Ningaloo marine park, included in the World heritage list. Swimming with whale sharks and manta rays. Turquoise drift dive in Turquoise bay. Learn how to surf, kitesurf or Stand up Paddle Board. Also kayaking, scenic flights, bushwalking and horse riding tours. Maybe you and your partner will find a treasure while diving, who knows...
